

VIRTUAL TEACHER WORKSHOPS

BRING YOUR STEM STUDENTS TO EXCELLENCE

A FREE online, interactive professional learning workshop for teachers and educators that will walk you through the steps of research project design, its alignment with NGSS, and support for your students entering the Orange County Science and Engineering Fair.

In This Workshop*, Teachers Learn How To:

- Help students choose a topic
- Implement and conduct research
- Track student progress
- Produce superior science/engineering fair virtual displays
- Navigate the pre-approval process for project proposals involving Tissues/Cell Lines, Human Subjects, Vertebrate Animals, Hazardous Materials and Microbes
- Use science/engineering fair projects as a venue to support NGSS and 21st Century Skills
